

7/29/2011

**Notification of Required Additional Training
Effective Date: January 1, 2012**

Based upon new guidance provided by the Department of Energy (DOE) Weatherization Program Notice (WPN) 11-6 and subsequent revisions to the Missouri Weatherization Assistance Program State Plan by the Department of Natural Resources' Division of Energy (DNR/DE), additional training requirements will be required of subgrantee staff of the Weatherization Assistance Program (WAP). This training as detailed below is required to be implemented by January 1, 2012. If the training is not implemented by said date, the subgrantee will be out of compliance with DOE and the DNR/DE WAP State Plan.

Energy Related Mold and Moisture:

Training will be required for all subgrantee auditors who perform initial energy audits and/or final inspections. The necessary training that must be taken is a national curriculum on weatherization related mold and moisture or an equivalent training. Two training providers are listed on the DNR/DE training providers' website as providing a mold and moisture class, titled "Energy Related Mold and Moisture." These training providers are listed below; however, please review the training updates on the DNR/DE website for additional providers.

Linn State Technical College
One Technology Drive
Linn, MO 65051
573.205.8292

Jefferson College
1000 Viking Drive
Hillsboro, MO 63050-2441
636.942.3000 ext. 168

OSHA 30:

Training will be required for all crew leaders of the subgrantee and/or contractor. The necessary training that must be taken by all crew leaders is OSHA 30. Previously all crew leaders and crew members were only required to have completed OSHA 10. Training providers are listed on the DNR/DE training providers' website. Providers may need to be contacted regarding class availability.

The link to the DNR/DE training providers' web site is: <http://www.dnr.mo.gov/energy/docs/wx-training-providers.pdf>. Please note that subgrantees are not required to use the providers listed on the DNR/DE training providers list. If you have any questions, please contact Todd McVicker at 573.751.7158 or todd.mcvicker@dnr.mo.gov.
