- VIII. District Updates
- IX. Next Meeting – setting of date and time and recommended topics for the next Planner’s Meeting.
- VII. Adjourn

## MEMORANDUM

To: District Planners  
FROM: Tammy Snodgrass  
RE: November Planners Meeting  
DATE: October 25, 2010

The planners will be meeting on Wednesday, November 3 at 10:30 a.m., at the Lewis and Clark State Office Building, Nightingale Creek Conference Room, 1101 Riverside Drive, Jefferson City, MO

We'll be getting an update from MORA and having two presentations – one from Clean Energy Fuels Corp.– a company that converts trash trucks to run on natural gas and that also do some work with capturing methane from landfills; and Dan King, President of NAHMMA Heartland Chapter will be providing an update on NAHMMA, federal funding sources for the chapter and opportunities for free HHW training (HAZWOPER). If time allows, we will also be discussing a couple of topics brought up at our last meeting – latex paint and problems with local governments closing down recycling programs due to budget tightening. Please come prepared to share what's going on in your district on these topics.

As always, if you have any documents or information that you would like to share with the group, we will try to make time for it during the meeting. If any of the planners have an issue they would like to discuss that is not on the agenda, please let me know and we will make every effort to include it in this month's agenda or add it next month.

If you have any questions or concerns, please let me know. I look forward to seeing everyone at the November meeting.
