

APPLICATION FOR SUBSEQUENT YEAR AWARD OF ALLOWANCES FROM MISSOURI ENERGY EFFICIENCY AND RENEWABLE ENERGY CAIR ANNUAL NO_x SET-ASIDE

This form is to be used by sponsors of a project that has already received an initial award to apply for awards in subsequent years. Missouri Rule 10 CSR 10-6.362 allows projects located in Missouri to qualify for an additional six years of awards following the initial award and allows eligible projects located outside Missouri to qualify for an additional four years following the initial award. To qualify for these subsequent-year awards, the sponsor must demonstrate continued reductions of NO_x emissions by the project.

Submit to the Missouri Department of Natural Resources, Energy Center, PO Box 176, Jefferson City, MO 65102; Fax to 573-751-6860; or email to energy @dnr.mo.gov.

1. PROJECT AND SPONSOR INFORMATION

PROJECT NAME	YEAR BEING APPLIED FOR
--------------	------------------------

AWARD YEAR(S) FOR WHICH THIS PROJECT PREVIOUSLY RECEIVED AN AWARD

2009 2010 2011 2012 2013

NAME OF PROJECT'S SPONSOR

AUTHORIZED ACCOUNT REPRESENTATIVE (AAR)

AAR ADDRESS

AAR EMAIL

AAR TELEPHONE	AAR FAX
---------------	---------

2. CHANGES IN PROJECT INFORMATION

Please attach a description of significant project changes since the previous year, including changes in any of the following areas:

- Addition or removal of individual project(s) included in an aggregate project
- Physical site location or contact information
- Expected duration of the project
- Project description
- Measurement and verification methods for any data involved in calculating awards
- Project ownership information. Please describe any issues since the previous application for this project concerning the legal right to claim EE/RE set-aside awards for this project. Indicate whether and how these issues have been resolved.

3. CALCULATION OF ALLOWANCES THE PROJECT IS QUALIFIED TO RECEIVE

- Verify the continued operation of the previously installed project equipment and systems;
- Document and explain the collection methodology for energy and other data collected during the previous calendar year;
- Present the calculation of set-aside awards using the equations provided by DNR; and
- Describe and explain significant changes from the calculations in the previous year's application.

PROFESSIONAL ENGINEER'S STATEMENT ATTESTING ACCURACY AND COMPLETENESS

I attest that I have personally examined the information and calculations submitted in this application and the attachments thereto relating to quantification of the total amount of energy generated or saved or to emissions resulting from or prevented by the projects undertaken. I further attest that based on my examination and inquiry of those persons immediately responsible for obtaining the information, I believe that this information and calculations are true, accurate and complete.

AUTHORIZED ACCOUNT REPRESENTATIVE'S REQUEST FOR AWARD OF ALLOWANCES

As the project sponsor or the person fully authorized to make this certification on behalf of the project sponsor, I certify that I personally examined the foregoing information, I am familiar with the information contained in this application and any attachments thereto and that based on my inquiry of those persons immediately responsible for obtaining the information, I believe that the information contained in this application is true, accurate and complete.

Based upon the information and calculations contained in this application and the attachments thereto, and acting in my capacity as the Authorized Account Representative for the project described in this application, I request that _____ annual CAIR NOx allowances denominated for _____ (year) be transferred from the account of the Missouri EE/RE set-aside to the NATS account indicated herein. In making this request, I authorize DNR to inspect project sites or records for the purpose of verifying that equipment listed in this application has been installed and that energy or emissions data has been appropriately measure and verified.
